Can Prove It.

Agostina lives this side of the International depot, and has only known the defendants three weeks. She stated, they called her names, the whole fuss commenced about her dog. She went to the door of her house to call her dog, and the Chinaman thought she called him a dog. Mr. Le Fou was fined \$5.

Mary Churchill in San Antonio.

A positive statement is made that Miss Mary Churchill, the young lady who is missing from St. Louis, has been seen and recognized in San Antonio and has since left the city to avoid detection, but beyond the assertion there is no proof. A sharp reporter has failed to trace the lady, but another reporter professes to have discovered a chemist bearing the name of Mary Churchill.

LIGHT FLASHES.

What the Reporters Learn on Their Tour Through the City.

—The county assessment roll was approved yesterday.

—The Tyrolean singers will again appear in Somers & Uehlinger's pavilion on October 2.

—A. Morris, the great furniture and clothing, has something to say in the Light to-day.

—The case of Mrs. Hill failing to have her outhouse cleaned was continued till to-morrow.

—Yesterday evening about 6 o'clock a wagon loaded with rocks broke down on Houston street.

—The gentleman from Kentucky was before the Great Megal this morning, and this time was fined \$5.

—A match game of base ball comes off this afternoon between the soldiers and the Mexicans at Government hill.

—A guest named Victor Beach, of San Pedro, Mexico, died yesterday from consumption at the Menger hotel.

—Judge Mason has decided that national banks are liable for occupation tax, and advises the County Collector to collect such taxation.

—A new lease ball club, under the name of the Alerts, has been organized, of which Mr. Riley Gordon is Captain. Challenges will soon be issued.

—A Mexican named Merchants has been jailed. He was caught cutting the fence of Dr. Elliott's pasture on Leon creek and driving his horses out.

—Lucinda Sullivan (missor) was before Judge Mason yesterday on a writ of habeas corpus, and her guardianship was awarded to Mrs. Duncan, for whom she is now working.

—The contest between Mr. Pauly and his stone cutters will go on, and both are confident of success in the end. Each are equally firm in maintaining the security of their views.

—The Vaudeville Novelty company will give an entertainment at Casino hall, Friday night. General admission, 75 and 50 cents. No extra charge will be made by Mr. Sim Hart for reserved seats.

—Miss Mary Clark used insulting language to a Mexican about some candy and was fined \$5.

—Aunt Milly, an old colored woman, said it was the sister who did the abusing, but the Megal thought otherwise.

Harried on the Medline.

Mr. Rafael Hernandez was worried last night by Father Julius to Miss Rita Garza at the Medina station. Among the company present were the Misses Jones, Mrs. Quintana, Mrs. Rivas, the Quintanas and the Villareals. Mr. A. P. Rivas intended to give the company some music, but he was rather badly laid, owing to the train having been delayed.

The Street Lights.

Almost daily the police make official complaints of the dirty state of the street lamps and the lights being bad. The public complaint is much louder and the general opinion is that either the city authorities should see that the Gas company fulfill their contract, or get some officer to attend to them. As it is the dirty glass and obstructed burners reduce power of the street lights in such a way as to render them very ineffective.

Not Necessary.

Mr. P. M. Webster, Secretary of the A. M. E. church, writes a note to the Light in an attempt to correct the item which appeared in yesterday's paper, regarding a row near that church on Monday night. The facts as published come directly from the proceedings of the Recorder's court, and if Mr. Webster had taken the trouble to read the item thoroughly he would have seen that his desire to set the matter right before the public was altogether unnecessary.

He Did Not Know.

"Where ignorance is bliss, 'tis folly to be wise" is no doubt, in a great many respects, a wise saying, but in many others it is not. So thought Joe Rosendor, who came in on the train yesterday with a pistol buckled around him. At the depot he was arrested. Mr. Anderson, who defended the prisoner, pleaded ignorance on his client's part to the law, and asked for a remittance of the fine. The Recorder imposed a fine of \$25 and said he would ask for a remittance.

All About a Dog.

Mr. Le Fou, a Chinaman, and Mrs. Refugia Le Fou, a Mexican, his wife, appeared before the Recorder this morning on a charge of insulting language towards a Mexican woman named Agostina. Agostina lives this side of the International depot, and has only known the defendants three weeks. She stated, they called her names, the whole fuss commenced about her dog. He Does Him.

Officer Westmoreland has of late been getting into trouble with the colored church people, on account of his trying to put an end to the rough house play the young colored men indulge in. A short time since he arrested one Mills by name, and since that time Steven Mills, the brother, has been taunting him with arresting children and old man Chrysler, daring Westmoreland to arrest him, this officer did, but could get no satisfaction, as the affidavit was made out for insulting and abusive language, and such language not having been used, the case was dismissed.

Kisses and Pinches.

Henry Jackson, a yellow boy, and Henry J. D. Knight, colored, had a regular battle royal at the Vance hotel yesterday. Henry No. 1 was sitting on a bed, when Henry No. 2 came out and hit him in the stomach, taking his wind away. They then had a scuffle, and Jackson drew his knife, and Knight got a pair of scissors, wearing he would kill Jackson with as much compunction as he would drink a glass of water. Henry No. 1 told him to go away, as he would be done, but Henry No. 2 laughed at him, told the former fetched a pistol and brought it down on him, when, thinking "discretion the better part of valor," he skunked off.

The Report Analyzed.

The City Physician's weekly report shows that 10 deaths occurred in the city that week. Although there is considerable sickness in the city, owing to the change of weather, the analysis of the report shows that the city is singularly free from diseases. Three deaths occurred from consumption, and one each from heart disease, overdose of morphine, morphineism, dropsy, crup, convulsions and from unknown cause, supposed to be consumption. Two of the dead were under 15 years old and three were over 50 years of age. This record, in a city having 30,000 inhabitants, is almost unparalleled in any other city.

Atrocious Lodge No. 570, of the Masonic Fraternity.

Whereas, it has been alleged and the report circulated far and wide that Mr. J. L. McCaleb, a merchant and citizen of this place, did violate the person of his wife's young sister at the town of Lytle, in this State, on an occasion during the past summer, and Whereas, the said allegation affects vitally the reputation of Mr. McCaleb and of the little girl named, therefore, be it resolved,

1. That this lodge, of which said McCaleb is a member, has thoroughly investigated the said charge and find that it is not sustained.

2. That it is the sense of this lodge that great injustice has been done said McCaleb, in the wide circulation of said charges.

3. That for this consideration, and the reputation of the little girl, we, his brothers of this lodge, deem it our duty to give these facts to the public.

4. That the San Antonio Express be respectfully requested to publish these resolutions. And that these resolutions which have given publicity to said charges, among which are the SAN ANTONIO LIGHT, Pleasanton Monitor, and others, be respectfully requested to make the "amende honorable," by publishing these resolutions.

JOHN J. CONWELL, Secretary.

The Light publishes the above merely as an item of news, for it never gave publicity to any charges against the gentleman named above. On August 13, an item appeared in the Light, in which it was said serious charges were made against a business man of Bexar, Atascosa county, but no name was mentioned, not nothing further said about it, and under the circumstances it is requested upon no one. Whenever the Light makes charges against any one, it is ready and willing at all times to sustain them, or make due reparation, without the necessity of a society meeting.
